FOR ALL EMERGENCIES, PLEASE DIAL 911

Scanner Freq. 154.310 Mhz

Mission Statement

The men and women of the Warwick Fire Department pledge to the citizens of this city to provide the highest level of emergency services to mitigate incidents which arise from fire, medical, hazardous material or environmental mishaps either on land or water.

We dedicate ourselves to a lasting partnership with the community, to support a higher quality of life through public education, loss prevention and service response.

Additional Resources

Fire Safety

FireSafety.gov - The one-stop information resource on the Internet for residential fire safety and prevention information distributed by the Federal government.

USFA Kids - On this Web site, you will find short lessons about fire escape planning, smoke alarms and general home fire safety. It is recommended that an adult guide children through the lessons. Each lesson is followed by a brief five-question quiz to test children's knowledge of the subject after they have worked through the lesson.

Fire Safety Publications - Presented by the U.S. Consumer Product Safety Commission, this site presents a wide range of fire safety tips and publications for your home and neighborhood.

Fire Service & Government Organizations

American Red Cross - Today, in addition to domestic disaster relief, the American Red Cross offers compassionate services in five other areas: community services that help the needy; support and comfort for military members and their families; the collection, processing and distribution of lifesaving blood and blood products; educational programs that promote health and safety; and international relief and development programs.

FEMA - The primary mission of the Federal Emergency Management Agency is to reduce the loss of life and property and protect the Nation from all hazards, including natural disasters, acts of terrorism, and other man-made disasters, by leading and supporting the Nation in a risk-based, comprehensive emergency management system of preparedness, protection, response, recovery, and mitigation.

NFPA - The mission of the international nonprofit NFPA is to reduce the worldwide burden of fire and other hazards on the quality of life by providing and advocating consensus [cod](#)
